## Our PROGRAM

Each of the five sessions will begin with age appropriate skill training. Correct technique for dribbling, passing, receiving, and shooting are among the skills that will be taught. The remaining time will consist of small-sided games. *This program will focus on Correct Technique and Player Development, not who wins, loses or scores goals.*

## Our COACHING

We are proud of our coaching staff and continually strive for further development of our coaches and players alike. All PASS coaches are licensed and possess positive, energetic and friendly qualities that provide players with a comfortable and fun learning environment.

## Our GOALS

PASS FC has created the Juniors Program to enhance the soccer experiences of players from ages 4-8. It will not compete with recreation, AYSO or YMCA programs, but run adjacent to them so kids can participate in both. We view young soccer players as the foundation for the successful growth of soccer in West Michigan. Our goals are to teach players the proper techniques of soccer at an early age, to ease their development and to instill a passion and love for the game.
